DETAILED ACTION

Response to Amendment

1. Examiner notes the amendment filed 11 NOV 2010. As a result of the amendment:

- a. Claims 15, 18, and 20-24 are pending.
- b. Claims 15 and 23 are amended.
- c. Claim 24 is new.
- d. Claims 1-14, 16-17 and 19 are canceled.

Response to Arguments

2. Applicant's arguments filed 11 NOV 2010 with respect to Claim 15 and claims dependent therefrom have been fully considered and are persuasive. The rejections of said claims have been withdrawn. In summary, in light of the interview of 21 OCT 2010, Examiner agrees that Christner does not fairly read on the claims as amended which now require a felt, a fleece or a fabric as the structural framework, and further references applied to Christner do not overcome this deficiency.

Allowable Subject Matter

Claims 15, 18, and 20-24 are allowed. Upon further search and consideration, Examiner is not able to find a reference or a suitable combination of references that seeks to make or would render obvious to make a porous preform structure from a felt, fleece or fabric that possesses pores passing through the preform structure in the proper orientation as required by the claims.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MICHAEL G. MILLER whose telephone number is (571)270-1861. The examiner can normally be reached on M-F 9-6.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Cleveland can be reached on (571) 272-1418. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
